

# MHE Engineer

## Stirling/Perth area - Home based

### Stirling/Perth area - Home based

#### £Excellent plus benefits

Nowhere says service quite like Morrisons. Recently awarded Retailer of the Year by Retail Week, we're proud to have over 9 million happy customers visiting our stores each week. To make sure our machinery is as smooth running as our 375 stores, we're now looking for a dedicated MHE Engineer to join the team.

Working alongside an existing engineer, we'll look to you to carry out routine repairs and service our MHE equipment. Your normal hours of work will be Monday to Friday working 5 days over 7, however this role covers stores across Scotland so a flexible approach is essential. Bring to us your skill, electrical bias, MHE experience and your own hand tool kit and we'll provide you with a company van and access to a PC so that you can complete all associated paperwork.

In return you can look forward to a great income and the chance to be part of a friendly, close-knit team, where we offer receive fantastic ongoing training and excellent career prospects.

If you have the qualities we're looking for, please write enclosing your CV and salary details, quoting the reference MHE-SCO, to: The Resourcing Team, Wm Morrison Supermarkets plc, Hilmore House, Gain Lane, Bradford BD3 7DL or email: [technical.jobs@morrisonsplc.co.uk](mailto:technical.jobs@morrisonsplc.co.uk)

Closing date: 6<sup>th</sup> June 2008
